

November 15, 2004

Dear Reform BC Member:

Your board members have been working on a new project to build the party and we announce with great pride that an agreement in principle has been reached with the BC Democratic Coalition to form a merger. Another party has been involved in discussions as well, however their board has not yet made a decision as to whether they will go ahead. The new party is to be called "Democratic Reform BC" and we need approval from you to proceed.

You will have the opportunity to vote at an AGM to be held January 15th and I'm looking forward to seeing you there. This will be a kick-off to our election campaign and you won't want to miss this! The groups will meet separately in the morning to approve the agreement, and then we will meet in a larger group in the afternoon to bring the details together.

Some background for you; the BC Democratic Coalition is based on Vancouver Island and combines four small parties. During the next month committees will be working at combining Principles and Policies, as well as Constitutions. Your board has found these people share the core democratic principles that we have been working for over the past 21 years, and believe that by working together, we have the ability to form the Opposition in the Legislature after the May 2005 election.

Please come to the Annual General Meeting and see history being made!

Yours truly,

Shirley Abraham,
President

Please send me your questions and comments, along with your registration. I will respond.
